SPANISH HUB SEMINAR ON EUROPEAN NETWORKING

ROADMAP
WAYS TO GET TO/FROM THE AIRPORT

Bus:
The most economical way is to get bus 60 to the center of the city, the bus stop is just in front the exit of the hall of arrivals. This will take between 30 and 45 minutes. The first bus is at 6.15am and the last at 23.15pm. The price is 2.30EUR if you get down in San Telmo or 2.95EUR if you do so in Santa Catalina. If you wish to take the bus by night, there’s only the possibility to do so with the bus number 5.

Taxi:
Price: around 35-45EUR
Time: around 25min

Hotel: Las Palmas de Gran Canaria, Las Palmas
SPAIN RESTRICTION'S INTERNATIONAL TRAVELLERS

From 7 June 2021, all those passengers from a country/area that has a SARS-CoV-2 coronavirus risk, must present, a certificate or document certifying vaccination against COVID-19 or a negative certificate of a Diagnostic Test of Active Infection or a certificate of Recovery after having passed this disease in order to enter Spain. This can be a EU Digital COVID Certificate, in the case of the EU, or a supporting document of those indicated above, whether the traveler arrives from an EU member state or from a third country.

If you are going to travel to Spain from another country, you will have to fill out the details of the Health Control form (FCS) associated with your trip, and have the QR code that you will obtain after completing your form [https://www.spth.gob.es/]. You can get your FCS from [https://www.spth.gob.es/create] the SpTH website or from the SpTH mobile app. Once you have completed it correctly, you can sign it (from 48 hours before your arrival in Spain) and obtain your QR code associated with your trip.

In the case of certificates or supporting documents (vaccination, diagnostic test, recovery), which are not EU Digital COVID Certificates, they must be the original, in Spanish, English, French or German and may be submitted in paper or electronic format. Any of these documents shall contain, at least, the following data: name and surname of the traveller and:

- In the case of documentary evidence of vaccination: date of complete vaccination, vaccine administered and country.
- If the document proves a diagnostic test: date of sampling, identification and contact details of the centre performing the analysis, technique used and negative result.
- The certificate of recovery must state the date of the first positive test, and indicate that the passenger has passed the disease and is not infectious-contagious at the present time, and the country where the certificate was issued.

If it is not possible to obtain it in these languages, it must be accompanied by a translation into Spanish by an official body.

Please check the list of COVID-19 risk countries, and check the information about your country specifically. For more information: https://www.spth.gob.es/info-pcr

COVID-19 TEST IN THE CANARY ISLANDS

1. There’s the possibility to the COVID-19 tests at Las Palmas de Gran Canarias Airport, through Eurofins Megalab: PCR test, quick PCR test, detection of antigens (rapid test) Detection of IgG and IgM antibodies(rapid test) There is an ON LINE system for purchasing the test, booking an appointment and access to a consultation about the test results.

   From Mondays till Sunday, from 10am to 17.30pm.

NATIONAL TRAVELLERS

For national travelers, the PDIA for SARS-COV-2 is mandatory. The test must be done 72 hours upon arrival. There is a list of laboratories that will have a special price for those traveling to the Canary Islands. The results of the test must be sent to: pdiasviajes@gobiernodecanarias.org previous to arrival.

Second option: for those who could not proceed with the test, they can travel but they must do mandatory isolation until the test is done within 72 hours. The results also have to be sent to this email: pdiasviajes@gobiernodecanarias.org
